Objective

Passionate Computer Science enthusiast with expertise in Python for machine learning and proficiency in web development (HTML, CSS, JavaScript). Skilled in SQL for effective database management. Eager to apply honed skills in developing backend and frontend for a platform using Django and Python.

Education

Dr. Vishwanath Karad MIT World Peace University, Pune Maharashtra	July 2021 - Present
● <i>Bachelor of Computer Applications (BCA) CGPA: 9.5</i>	
Frommans Memorial Higher Secondary School, MP	June 2020 - April 2021
● <i>Higher Secondary School 12th, Percentage: 86%</i>	
Frommans Memorial Higher Secondary School, MP	July 2018 - April 2019
● <i>Senior Secondary School 10th, Percentage: 85.4%</i>	

Technical Skills

Python (Machine Learning) | Object-Oriented Programming (OOPs) | Manual Testing | Web Development | MySQL | C | Java

Soft Skills

Effective Communication | Adaptability | Teamwork | Leadership | Attention to Detail | Time Management

Internship

CodSoft Machine Learning Intern	September 2023 - October 2023
● I worked on machine learning projects, focusing on model development and evaluation.	
● I gained proficiency in Python, Data Visualization Tools and various libraries.	

Projects

Movie Genre Classification https://github.com/iUzmaa/Movie_Genre_Classification

- Developed a machine learning model for movie genre classification using machine learning models and utilized a dataset of movie plot summaries and text analysis to accurately categorize movies into their respective genres.

Cosmetic E-commerce Website Development

- Developed a cosmetic e-commerce website using Django, HTML, and CSS.
- Implemented user authentication, models for products, categories, and brands.

Weather App https://iuzmaa.github.io/Weather_App/

- Developed a weather app with JavaScript, CSS, and HTML for instant access to real-time weather updates and forecasts.

Certifications

Problem Solving Basic HackerRank	Python For Beginners Simplilearn
Career Essentials in Software Development Microsoft and LinkedIn	Responsive Web Design freeCodeCamp

Academic and Extracurricular Achievements

- Selected as a **Microsoft Learn Student Ambassador**, engaging in collaborative initiatives to empower fellow students.
- Designed college network infrastructure during **Cisco** virtual internship.
- Elected as **Class Representative**, facilitating effective communication between peers and faculty and organizing class activities.
- Consistently achieved a **CGPA of 9+** across all semesters.

Virtual Experience

Data Analysis and Visualization Course

- Successfully completed an online course in data analysis and visualization, certified by Accenture.

Agile Methodology Job Simulation

- Attained **Cognizant** certification, gaining insights into the pivotal role of a Scrum Master in driving transformative outcomes.
